ARBITRATION REIGNS

Treaty of Peace Between the United States and England.

NO WAR FOR NEXT FIVE YEARS.

The Two English-Speaking Nations Agree to Abide in Peace and Without a Resort to Arms, All Questions in Controversy Being Referred to a Court of Arbitration.

WASHINGTON, Jan. 12.—Secretary Olney, in behalf of the United States, and Sir Julian Pauncefote, on the part of Great Britain, yesterday affixed their signatures to a new treaty by which, for a term of five years, the two English-speaking nations agree to abide in peace and without a resort to arms, all possible questions of controversy being referred to a court of arbitration with the single exception that neither nation surrenders its honor or dignity to the judgment of arbitration. Later in the day President Cleveland sent the treaty and a message earnestly approving it, to the senate.

The treaty consists of 12 articles, and in print will fill about one newspaper column. One of the last points to be decided was that King Oscar II of Sweden and Norway is to act as the final arbitrator in case the others fail to agree in the final member of the court.

The acceptance of the king and the final agreement on that detail was not cabled to Washington until late Sunday night, and even then one small detail remained to receive the approval of the British foreign office. At 11:20 yesterday morning a cablegram from Lord Salisbury removed this last question, and left the way clear for the formal execution of the instrument.

Immediately on receiving the cable from Lord Salisbury, Sir Julian Pauncefote, accompanied by Lord Gough, first secretary of the embassy, proceeded to the state department. They were met in the secretary's private office by Mr. Olney and his private secretary, Mr. Blandford, and Mr. Crider, who, as chief of the bureau of diplomatic correspondence, has charge of the drafting of treaties. There were few formalities, as the signatures were but the culmination of a negotiation covering many weeks, during which a complete understanding had been reached on every phase of the subject. It was felt, however, that the moment was an eventful one. The diplomatic bureau had prepared two copies of the document. They were not in any sense ornate.

The articles of agreement were engrossed in a fair hand on the simple red margin parchment paper ordinarily used for treaties by the state department. These copies were laid upon the secretary's desk and then occurred a very necessary formality. The British ambassador produced a formidable looking document signed by Lord Salisbury, certifying that he (the ambassador) was authorized to sign for the British government a treaty bearing on the subject specified. Secretary Olney replied by showing a letter from President Cleveland delegating to him authority to sign the proposed convention.

Having thus satisfied themselves that everything was being conducted in regular order the principals proceeded to the signature of the duplicate treaties. Sir Julian Pauncefote had the honor of signing first. Secretary Olney handed him the pen and he signed one copy in the first place, Secretary Olney immediately placing his signature after that of the ambassador. This will be known as the British copy and it will never leave the possession of that government. Taking up the other copy, Secretary Olney signed it first and Sir Julian signed after him. This is the United States copy and likewise will remain in the possession of our government. After the senate has passed upon it a copy will be made of our original and this will be used in the final exchange of ratifications later on.

Then both of the copies were sealed with red wax. Secretary Olney impressed his private seal, a simple monogram, "R. O." and Sir Julian used his family crest, a lion, and the ceremonies were complete. The pen used was a simple broad point steel stub, in a red and black hard rubber holder, but it will be treasured by the owner, Mr. Blandford.

Following this there was an exchange of courtesies between Mr. Olney and Sir Julian, each expressing his deep sense of gratification that a labor which had presented apparently insurmountable obstacles had been concluded in a way to give promise of far-reaching results.

The meeting was brief, and on the retirement of Sir Julian and Lord Gough, Mr. Olney at once took the signed special to The Evening Advertiser from Washington say: "Judge Nathan Goff, the well known West Virginian, has been tendered the attorney generalship by Major McKinley and has accepted. This statement was made by a prominent senator who has just returned from Canton, and to whom the president-elect imparted the information."

Activity at Johnstown.

HUNTINGTON, W. Va., Jan. 12.—A

special to The Evening Advertiser from Washington say: "Judge Nathan Goff, the well known West Virginian, has been tendered the attorney generalship by Major McKinley and has accepted. This statement was made by a prominent senator who has just returned from Canton, and to whom the president-elect imparted the information."

JOHNSTOWN, Pa., Jan. 12.—The John-son company's steel motor works, after a six weeks' shutdown, has resumed operations. It is expected that every department will be working full before the close of the week. The Cambria rail mill No. 1, the 12 and 16-inch mills and the scrap mill will resume work this week, giving employment to many idle men. The steel mills were put in blast last night.

SPAIN CAN NOT WIN.

Such Is Senator Money's Opinion of the Cuban War.

ALSO GENERAL LEE'S VIEWS.

Pinar del Rio Is Alive With Patrols, and Maceo's Men Have Not Quite Fighting. Another Act of Brutality on the Part of Spanish Soldiers—Other Dispatches Relating to the Cuban War.

WASHINGTON, Jan. 12.—In an interview given here Senator-elect Money stated that everything he saw and heard on his recent trip to Cuba taught him that Spain is unable to cope with the revolution. He said that this was also the opinion of Consul General Lee. In fact, Mr. Lee told him to tell Secretary Olney of his conviction of Spain's inability to put down the insurrection, adding that every day it meant a loss of lives and property.

HON. H. D. MONEY.

Mr. Money says he gave Lee's message to the secretary, but was not privileged to divulge Mr. Olney's reply.

During his interview with General Weyler Mr. Money asked whether there were any insurgent troops in Pinar del Rio. He answered that since the death of Maceo they had quit fighting and gone back to their farm work. But Mr. Money dissents from General Weyler. He says that at the time of Maceo's death there was a force of 8,000 insurrectionists in Pinar del Rio, and that they are there yet with arms in their hands, as formidable to Spain as ever, save for the death of Maceo.

Continuing Mr. Money said: "My information, received from several positive and truthful sources, is that General Aguirre has a column of from 1,200 to 1,400, General Ranchez between 800 and 1,000 men and General Cantillas 800 to 1,000 men. There are also smaller bodies, and there is no possible show for Weyler to dislodge any of them, as the Spanish troops confine their military operations entirely to the beaten roads. An insurgent force a quarter of a mile either to the right or to the left of the plain highway is as safe from the Spanish troops as if they were 1,000 miles away."

"The common American people come in for much contempt and aversion from the Spanish people. At one of their theaters the other day an actor threw down the American flag on the stage and danced on it. The applause was deafening. In their caricatures the Spanish invariably draw anything and everything American in the guise of a hog—that is, everything but Cleveland."

Congressman Money's opinions on Cuba, published here, have created intense interest at the Capitol. Money's pronounced statements that Spain can not conquer Cuba have a tendency to strengthen the fight for Cuba the friends of the Cameron resolutions are making, and the chances are that there will be a lively discussion in the senate during the week.

ANOTHER ACT OF BRUTALITY.

People Put in Sugar Hogsheads and Burned to Death.

BOSTON, Jan. 12.—The Cuban American junta of New England has received news from its agent in Cuba of an act of brutality which, it is alleged, was perpetrated on a Cuban plantation near Cienfuegos. The plantation was taken by the Spanish troops and all those who did not make their escape, were killed. These consisted of an old woman of 74, her grandchild of 12 years, and another family. All of these, the agent says, were put into sugar hogsheads, which were set on fire, and the victims burned to death.

The letter also tell of the destruction of a body of Spaniards in Trinidad—an American named Taylor, who threw a dynamite bomb into a camp and killed about 50 soldiers.

Dispatches From Havana.

HAVANA, Jan. 12.—The trial of the American citizen Luis Someillan, on a charge of conspiracy against the government was concluded yesterday, sentence being, however, reserved.

The steamer San Agustin, when it sailed for Spain, took 81 political prisoners, who were ordered deported.

Captain General Weyler has issued an edict extending to Matanzas province the provisions of his last edict for Havana province relative to the establishment of zones of cultivation.

LONDON, Jan. 12.—Lady Somerset has suffered a severe contusion of the forehead in a carriage accident at Westminster.

PACIFIC FUNDING BILL DEAD. The House Kills the Pending Measure by a Large Majority.

WASHINGTON, Jan. 12.—The Pacific railroad funding bill went to its doom in the house yesterday under an adverse majority of 66. The friends of the measure who had predicted its passage up to the last moment were surprised by the decisive character of their defeat. They had been led to hope from the votes on the substitutes that the bill had more than an even chance of passage.

The Bell substitute provided that if the Union Pacific and Central Pacific would clear off the first mortgage and advance the government's lien, the government would extend the indebtedness at 3 per cent. It was defeated, 110 to 158. The Harrison substitute provided for a commission to negotiate a settlement of the debt. It was rejected by the house by a vote of 55 to 214. Many of the members were as much opposed to these substitutes as to the Powers bill. The California and middle west members voted almost solidly against them.

When the vote came on the main proposition the whole opposition swung into line and crushed it by an adverse vote of 103 to 168. The vote was not taken directly on the passage of the bill, but on the preliminary motion to engross and read the bill a third time. Bills, the subject of hard contests, are usually brought to a final test before the last parliamentary stage is reached.

The Reilly Pacific funding bill two years ago was defeated in the same manner on the same motion. This is the fourth funding bill killed in the house in 10 years.

An analysis of the vote yesterday shows that 86 Republicans and 16 Democrats voted for the bill and 99 Republicans, 58 Democrats and 6 Populists and 5 Independents against it.

Mr. Powers, the chairman of the Pacific railroad committee, entered a motion to recommit the bill after he had recovered from the shock of his defeat, saying the members of the house were all in favor of a settlement but evidently opposed to the principle of the measure his committee had brought in. He thought his committee should have an opportunity to formulate another bill in the hope that it would prove acceptable. A point of order was made against Mr. Powers' motion, but at the suggestion of the speaker the point was not ruled upon.

Mr. Powers said last night that he did not know what would be done, but expressed the opinion that another effort should be made to pass an acceptable bill. The opponents of the bill, on the other hand, are rejoicing and say the vote yesterday settles the fate of all schemes to end the debt at this session.

After the bill was disposed of the army appropriation bill and several other bills were passed. The army bill carried \$23,126,344; \$155,558 less than that for the current year.

WASHINGTON, Jan. 12.—The chief event of yesterday's senate session was an impassioned speech by Mr. Mills of Texas in favor of a resolution introduced by him to declare the recognition of a foreign government a congressional prerogative and to recognize the independence of Cuba and appropriate \$10,000 for the salary of a minister. In support of the first proposition the senator quoted a long line of precedents and speaking on the latter question he strongly denounced the administration charging it with favoritism toward Spain. He spoke contemptuously of Castellar and Weyler and of Signor Crispi because of his declaration that Europe could not look without concern upon the pretensions of the United States. The Cuban question was the mercantile spirit of the nation against its honor, he declared.

There was an informal discussion by several senators and Mr. Bacon of Georgia gave notice of a speech on the Cuban question. Mr. Proctor made a speech in favor of a constitutional amendment to limit the president to one six-year term and Mr. Allen of Nebraska made an unsuccessful attempt to secure the adoption of a resolution calling on the secretary of the navy for information as to whether contractors' men in the Brooklyn navy yard are made to work more than eight hours per day.

CORN ISLAND WAR.

The Problem Will Likely Be Solved by Dynamite.

NEW YORK, Jan. 12.—The Herald publishes the following special correspondence from Bluefields, Nicaragua: "I have visited Corn island and its fortifications. One hundred men are now clearing lands to extend the fortifications. The Nicaraguans have 500 pounds of dynamite and 10 electric batteries. Mr. Donaldson, formerly a United States army engineer, located the dynamite mines and fortifications and then left the island for Managua. Thus far the Colombians have determined to contest every foot. General Reyes says that 'the problem' will be solved by dynamite."

"There is a wave of subdued excitement and expectation passing over us just at present owing to troops having come down from the capital on their way to Corn island.

"The little steamer Lucy B., owned by Mr. Herbert Y. Bingham, the British consul of Nicaragua, stationed at San Juan del Norte (Greytown), has been chartered by the Nicaraguan government for an indefinite period to carry troops and act generally as a little warship.

"If this affair should result in an actual collision the Lucy B. may be blown to pieces by the Colombian man-of-war, a risk which the owners seem willing to take."

BANK BURGLARIZED.

Nearly a Thousand Dollars' Worth of Valuables Taken.

THE SAFE PROPERTY UNTOUCHED.

A Time Lock Foils the Burglars, Who No Doubt Were Professionals—Reunion of the Army of the Cumberland—Conditions of a Will—Residences Burned. Other Ohio State News.

CHARDON, O., Jan. 12.—A daring burglary was committed in this place Saturday night, which was not discovered until yesterday. The vault of the Citizens' bank was opened by burglars and coins and papers to the value of \$1,000 taken. It is certain that the robbers were experts, as they successfully picked the combination and then made a key to the inner fire door. But the safe proper, which is fitted with an improved time lock, was not disturbed.

The key remained in the door and pieces of brass were scattered about the floor. The coins taken formed a very valuable collection of ancient coins belonging to the cashier, C. L. Smith. Papers in the private boxes of several citizens, all of which were in the outer vault, were taken.

REUNION OF SOLDIERS.

Army of the Cumberland Society Preparing For a Great Time.

COLUMBUS, O., Jan. 12.—President-elect McKinley has promised Major W. F. Goodspeed to attend if possible the Army of the Cumberland society here Sept. 21, 22 and 23. The committee has decided to make the occasion a reunion of soldiers of that army instead of a meeting as usual of the leading officers.

General Boynton, subject to his approval, has been placed on the executive committee, which consists of Governor Bushnell, ex-Governor John B. Neil, W. D. Brickell, W. E. Reppert, R. M. Rownd, J. K. Jones, William Felton, L. D. Myers, George W. Early, W. F. Goodspeed and S. N. Cook.

TIRED OF BEING A POLICEMAN.

Baron John F. Von Muegge Wants to Be in the Secret Service.

CLEVELAND, Jan. 12.—Baron John F. Von Muegge, whose mother left him \$700,000 worth of property on the peculiar condition that before coming into possession of his inheritance he must serve at least 10 years on some police force, has resigned his position with a local special police concern.

The baron has reached the conclusion where he can fulfill the requirements of his mother's will in a manner much more satisfactory to himself than doing duty as a special policeman. He has therefore made application through President-elect McKinley for a position in the United States secret service.

Three Dwellings Burned.

WINCHESTER, O., Jan. 12.—At 3 o'clock yesterday morning the residences of Mrs. Mary Spencer, Mrs. Elizabeth Roberts and Charles McCullough, at Belfast, a village 10 miles north of here, were totally destroyed by fire, together with nearly all the household effects belonging to the dwellings. The loss is estimated at \$3,500; amount of insurance unknown. The fire originated from a defective flue.

Partners Disagree.

TIFFIN, O., Jan. 12.—The Green Spring bank at Green Springs, O., owned by Smith, Holtz, Kanney & Company, was placed in the hands of a receiver yesterday. The situation grows out of a disagreement among the partners. Depositors will be paid in full.

Getting Some of Their Money.

HILLSBORO, O., Jan. 12.—Word has reached here from Washington that the comptroller of the currency has declared a first dividend of 10 per cent in favor of the creditors of the First National bank of this place on claims proved amounting to \$217,660.23.

Ninetieth Birthday Celebrated.

WARREN, O., Jan. 12.—Rev. Joseph Marvin of this city celebrated his 90th birthday yesterday. He settled in this country in 1821 and is widely known. For his first year's work as a circuit rider he received \$142.

TARIFF HEARING ENDED.

The Ways and Means Committee Think They Have Had Enough Advice.

WASHINGTON, Jan. 12.—The formal hearings by the ways and means committee of representatives of various industries who seek to have the tariff rates changed was concluded yesterday. The committee has held sessions for this purpose during the past several weeks and in that time a large number of persons have appeared before it.

The varied character of the schedules yesterday under consideration brought a large assemblage to the rooms from all sections. The largest delegation was that headed by Ex-Senator Davis of West Virginia, who asked for higher duty on coal.

Crushed by Falling Slate.

BRAZIL, Ind., Jan. 12.—John Bennett, one of the oldest and best known miners in the block coal fields, was probably fatally injured yesterday in the Nickelplate mine of the Jackson Coal and Mining company. The roof of his room gave way, crushing him under a mass of slate. Once before Bennett was injured in a similar manner.

Some Ohio Republicans have organized a Brotherly Love Club. The Bradleyites and Hunterites would be barred from membership in such an organization.

'SQUIRE I. L. McILVAINE, of Lewisburg, enters the race for Jailer to-day, and asks the nomination for that office at the hands of the Democracy of the county. He is one of the truest of Democrats, is an upright and worthy citizen, and if honored with the office it will be in excellent hands.

MR. C. D. WELLS has entered the race for County Superintendent of Public Schools, as will be seen by his announcement in this issue. He has been teaching for number of years and should be thoroughly posted as to the needs of the public schools. Mr. Wells belongs to one of the old and respected families of the county and is well qualified for the important position of Superintendent.

MR. W. H. HAWES, of Minerva, is formally announced as a Democratic candidate for County Assessor. He is one of the industrious and worthy citizens of the county, and has been in business twenty-five years. He served as assistant under ex-Assessor John C. Everett, and is thoroughly fitted for the position he seeks. His Democracy is unquestioned. If he should be elected, all who know him know he would make a faithful and efficient official.

THE Philadelphia American says: The dear dollar men are on a new tack. They have long since tired of Republican institutions and methods. They have built their system on monarchical ideas, and to have to work out and establish such a system with democratic tools is sadly trying on their store of patience. To get a people to voluntarily sell themselves into bondage is no easy matter, and after they have once sold themselves into bondage, illimitable tact and eternal vigilance is needed to keep them there.

And this is just the task that has been set before our dear dollar men. To fasten their system of an appreciating dollar on our people they have had to gain the support of the very men, or at least of the representatives of the very men they have planned to despoil of the fruits of their toil. And to maintain their system they have had to keep the support of the very men upon whom they have laid an exacting tribute. Many are the arts and great the expense they are put to in getting the many to vote themselves into poverty that the few may gain. This aggrandizement of the few at the expense of the many, the despoiling of the producing classes that the few may wax fat, is the foundation on which is built up despotism and oligarchy. But in a democracy we do not expect to find such conditions. When the people are entrusted with the making of their own laws that they may protect themselves against injustice, we do not expect to find the many paying an unearned tribute to the few. Yet this is just what we find in our country to-day; this is just what we have brought about by the establishment of the system of the appreciating dollar.

HOW THE REPUBLICANS ARE RUNNING THINGS.

The Frankfort Capital is a Republican paper and of course ought to tell the truth, especially in speaking of members of its own party. Speaking of the present State Printing Commissioners it says:

The Printing Commissioners, it seems, have not had any settlement this year with either the contractor for paper or printing, and Secretary Long says he does not see how a settlement can be made at the time prescribed by law. In fact, under the present system, the Printing Commissioners not only have no settlement, but they never see the paper that is furnished, and of course do not supply it to the printer as he needs it. The printer and the paper contractor arrange all of this between themselves and the State, she pays the bills. The Commissioners say they do not know how this can be helped. Mr. Long says the Commissioners do not intend to take charge of the paper, but Gov. Bradley has taken the position that the law ought to be followed, regardless of inconvenience. So far as the Commissioners are concerned, there is absolutely no check on the paper contractor, and they trust implicitly to his honesty to furnish the kind of paper and the weight of paper that he agreed to furnish.

Up to last winter the paper for the public printing was kept by the State Librarian and issued on requisitions, but the present contractor convinced Treasurer Long that there was no use being so particular and putting the contractor to the trouble and expense of coming clear to Frankfort for his paper, and so just to be obliging and because nobody in Frankfort seemed to want to go to the trouble of receiving and issuing the paper according to law, it has been a sort of go-as-you-please affair for the past year.

This is a sample of the reforms (?) the Republicans promised the people of Kentucky. What must the people think of such loose business methods on the part of these sworn officials?

Buckner Versus Reese & Bro.

The Court of Appeals has affirmed the case of Buckner against Reese & Bro., taken up from the Mason Circuit Court. The higher court says:

Where one has been adjudged of unsound mind and a committee is in charge of his person and his estate, a sale of his land under execution issued upon a judgment rendered against him while he was sane is a nullity and passes no title, and therefore, no action lies to recover damages against the plaintiff in the execution or the purchaser on account of the sale. If, however, he has been damaged by the wrongful seizure of his land or its use and occupancy, he may have an action on that account against the plaintiff in the execution and the purchaser as trespassers, provided he has not after restoration to his proper mind confirmed the sale for a valuable consideration.

Winfield Buckner, Thos. H. Hines and Hanson Kennedy for appellant; E. L. Worthington and L. W. Robertson for appellee.

"Corn Flour."

The Cincinnati Price Current says: "In this market finely ground corn meal, having the general appearance of wheat flour in high degree, is being sold in car load lots, for purposes of mixture or blending with wheat flour. With five to ten per cent. of this corn product the ordinary tests fail to discover its presence in flour, and the great disparity in cost offers a strong inducement to make such a blend and to market it as flour.

Various milling concerns, notably in the South, equipped themselves last year for the production of 'corn flour' for blending purposes, especially in the lower grades."

A Duck Thief Meets With a Warm Reception at the Home of Mr. W. R. Key.

Mr. William R. Key, of the county, heard some one after his ducks last Saturday night. Getting his shotgun, he went out and saw the thief as the fellow was skipping away in the moonlight.

Mr. Key called to the thief to stop and turn up his hands. No attention was paid to the warning, however, and Mr. Key, then emptied two loads of shot into the fellow. The thief made his escape.

From Constable W. B. Dawson it is learned the fellow was George Smith, colored, who lives on a farm near Mr. Key's. Smith was in town Monday to have the shot picked out of him. The charge struck him about "midship" in the rear, his wounds are not serious, but are painful.

Smith is about twenty-six or seven years old.

THIEVES CAPTURED.

Parties Charged With the Robbery of Ort's Store at Concord Jailed at Vanceburg.

The BULLETIN last Saturday gave an account of the robbery of Mr. J. T. Ort's store at Concord.

A dispatch from Vanceburg says the thieves have been captured and are now in jail at that point.

They are three boys, John and Oscar Hughes and Toney Henderson, aged fifteen, eighteen and nineteen respectively, sons of prominent people, says the dispatch.

They confess the robbery and have turned over all the goods, \$100 worth.

WHILE ON A PEACEFUL MISSION.

British Consul and a Number of Others

MASACRED by the Natives.

BONNY, Guinea Coast, Jan. 12.—Consul Phillips, two consular officers, Locke and Campbell; Major Crawford, the deputy commissioner and Captains Boisragon and Maling, officers belonging to the Niger coast force; Dr. Elliott and two civilians, with a number of kroonmen and native carriers, have all been massacred by the king's people while on a peaceful mission to Benin City. The consul's yacht has just returned here with the news.

News Confirmed From London.

LONDON, Jan. 12.—The foreign office has received private confirmation of the news from Bonny, on the Guinea coast, telling of the massacre of Consul Phillips and his companions, while on a peaceful mission to Benin City. The news has created a great sensation, as the victims are all well known.

Lord Salisbury came to the foreign office especially from Hatfield house to receive the earliest official details and to consider them.

It is stated in the foreign offices advices that the party was unarmed when it left the consulate at Benin on the west side of the Niger, traveling toward the Adamaga country. They were surprised on the frontier territory at Benin City, where they were fired upon suddenly and massacred. The object of the murder is not yet known.

Benin City is within the Niger protectorate and is 60 miles up the river Benin. The population is 50,000, and it is governed by a Fetish priesthood, which is notorious for human sacrifices. It is thought that the massacre is possibly connected with the recent escape of the king of the Okrika tribe to New Calabar, who was captured by the British. It is feared that the disaster will have a bad effect on the Niger company's expedition which is about to proceed against the Emir of Nape.

Years of Suffering Ended.

BROWNSBURG, Ind., Jan. 12.—Jesse Osborn, 76 years old, an intense sufferer for many years because of cancer of the face, died yesterday. He was a pioneer of Boone and Hendricks counties and the father of a large number of children.

Earthquakes in Mexico.

CITY OF MEXICO, Jan. 12.—At 25 minutes past 4 o'clock yesterday morning an undulatory earthquake was experienced in the city of Oaxaca, the first shock being gentle, but the second was very sharp and caused consternation, but no harm was done of any consequence. There is much seismic activity in the state of Oaxaca and at one point on the Pacific coast earthquakes under the ocean have kept fishermen in continual alarm.

Accidentally Shot His Daughter.

PINEVILLE, Ky., Jan. 12.—Moses Hetton, a farmer living on Red Bird creek, 10 miles from here, accidentally shot and killed his 14-year-old daughter yesterday.

GOVERNOR MOUNT INAUGURATED.

Simple Ceremonies, Without Pomp or

Ostentation.

INDIANAPOLIS, Jan. 12.—James A. Mount, the farmer governor of Indiana, was inaugurated yesterday. The oath of office was first administered to Lieutenant Governor Haggard in the senate chamber. Prayer was offered and the oath given by Associate Justice Leander J. Monks. After this both houses of the legislature, preceded by Governor Matthews, the governor-elect and other state officials proceeded to the rotunda of the capitol, where a decorated stand had been erected. Seats were provided for the general assembly. Back of these seats were hundreds of people.

JAMES A. MOUNT.

The ceremony opened with prayer by the Rev. M. L. Haines, after which the oath of office was administered by Chief Justice James H. Jordan. The inaugural address was brief. Governor Mount urged the importance of legislation against trusts, asked the legislature to make laws protecting the public from fraudulent building associations and urged economy in the conduct of public affairs.

In his message to the legislature Governor Matthews advised that the salary of the governor be raised from \$6,000 to \$7,500. Governor Mount did not gain this. Governor Mount decided that he would give an example of economy by doing away with the usual inauguration ball. Instead of the ball there was a reception yesterday evening in the governor's parlors.

STORMS ALONG ENGLAND'S COAST.

Several Vessels Wrecked and Six Men

Known to Have Been Drowned.

LONDON, Jan. 12.—The storms and fogs continue along the coast and wrecks have been reported at many points. A trawler with six men has been lost off Yarmouth, the steamer Gulf of Siam is ashore in Morrook bay and other ship's boats have been picked up.

The Allan line steamer Laurantian, Captain McDougall, from Portland, Me., on Dec. 31, and Halifax on Jan. 2 for Liverpool, struck off Malin Head Sunday evening, and arrived yesterday at Moville with her fore compartment full of water.

The crew of the British steamer Strathmore, from Genoa, numbering 20 men, has been taken off that vessel by a trawler and landed at Hull. The Strathmore, which was bound from Algeria to Sunderland, was wrecked in the North sea on Wednesday. When it became apparent that she was sinking the crew took to the bridge and remained there without food until Sunday, when they were rescued by the trawler.

Bank Official Dead.

LAPORTE, Ind., Jan. 12.—Henry C. Peglow, an official of the Bank of the State of Indiana, and a leading citizen, is dead. Mr. Peglow served six years as city treasurer, and was prominent in both church and lodge work. He was elected a city official two terms without opposition.

Conductor Killed.

ANDERSON, Ind., Jan. 12.—William C. Smith, a well known Big Four conductor, undertook to board his train and fell between the cars. The body was cut in two, but the freight crew did not know of it until the next stop was made. He leaves a wife and five children.

Filed Notice of Suicide.

LAPORTE, Ind., Jan. 12.—John Willensee of Mishawaka has mysteriously disappeared. Willensee left a letter in which he gave directions for the management of his business, and closed by saying that he had determined to end his life.

Injured in a Runaway.

FRANKLIN, Ind., Jan. 12.—A runaway team dashed into a vehicle in which William Sollenberg was seated, throwing him out and trampling him under feet. He was very badly cut and bruised.

ENGLISH, Ind., Jan. 12.—Deputy Marshal W. H. Hawkins arrested George Pittman for counterfeiting nickels. Pittman is not remarkably bright, and is supposed to be the agent for others. There has long been known to exist a counterfeiting gang in this county.

When they put a man in jail, he cannot follow his natural inclinations. He cannot eat what he wants to—he is limited to a very frugal diet. Is it not equally true of a dyspeptic? For all of the real enjoyment he gets out of life, he might as well be in jail. He cannot eat what he likes, nor enough. He suffers much, gets little sympathy. At first, perhaps a little heaviness in the stomach, a little giddiness, windy belching and heartburn; headaches and biliousness and a foul taste in the mouth in the morning. Chronic constipation is almost inevitable, and means that the body is holding poisonous, impure matter that should be gotten rid of. The poison is being reabsorbed into the blood and the whole body. Impurity in the blood may lead to almost any disease. Constipation is the start of it all. Dr. Pierce's Pleasant Pellets cure constipation, cure it so it stays cured. No other remedy in the world will do that.
